News CMS Project - Introduction

93

Yahoobaba
Yahoobaba.net

What is CMS ?

FrontEnd

- Add New Page
- Change Content
- Change Logo
- Change Theme
- Create User

User Name

Password

Login

BackEnd

Control Panel

CMS Project

News Blog Website

- Category Wise News
- Author Wise News
- Search News

What we will learn in this course ?

- Complete CMS
- How to build **Login Page**
- How to use **Sessions**
- How to **Upload Images** on Server & Database
- How to **Search** on website
- How to **Pagination** the pages

Welcome to XAMPP

How to Calculate Total Pages ?

Total Records = 7

Limit per Page = 3

Total Pages = Total Records / Limit per Page

$$7 / 3 = 2.333$$

Total Pages = `ceil`(Total Records / Limit per Page) → 3

Id	Name	Age	Gender
1	Ram Kumar	19	Male
2	Salman Khan	18	Male
3	Meera Khan	20	Female

1 2 3

How to Show different Records on each page ?

`SELECT * FROM table_name`

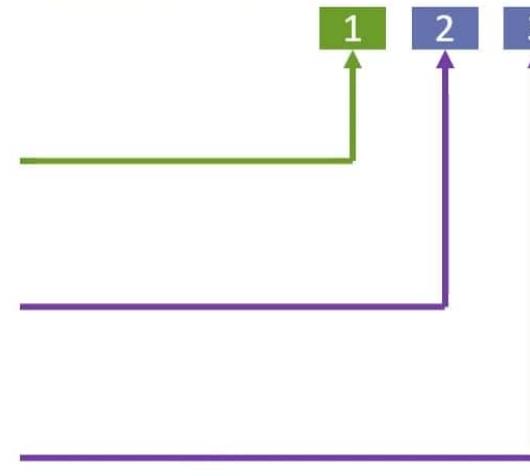

`LIMIT offset , Limit;`

`SELECT * FROM TableName LIMIT 0, 3`

`SELECT * FROM TableName LIMIT 3, 3`

`SELECT * FROM TableName LIMIT 6, 3`

Id	Name	Age	Gender
1	Ram Kumar	19	Male
2	Salman Khan	18	Male
3	Meera Khan	20	Female

How to Calculate Offset ?

offset = (Page Number – 1) * Limit

Id	Name	Age	Gender
1	Ram Kumar	19	Male
2	Salman Khan	18	Male
3	Meera Khan	20	Female

offset = (1 – 1) * 3 = 0

offset = (2 – 1) * 3 = 3

offset = (3 – 1) * 3 = 6

The screenshot shows the phpMyAdmin interface for the 'category' table in the 'news-site' database. The table has four rows with the following data:

	category_id	category_name	post
<input type="checkbox"/>	34	Sports	2
<input type="checkbox"/>	31	Entertainment	1
<input type="checkbox"/>	32	Politics	2
<input type="checkbox"/>	33	Health	0

A yellow cursor is positioned over the 'post' value '0' in the fourth row. The interface includes a toolbar at the top with tabs for Browse, Structure, SQL, Search, Insert, Export, Import, Privileges, and Open. Below the toolbar, there are filters for Show all, Number of rows (set to 25), Filter rows, Sort by key (set to None), and a search bar. At the bottom, there are buttons for Check all, With selected, Edit, Copy, Delete, and Export.

The screenshot shows a code editor with several tabs at the top: 'settings.php', 'save-settings.php', 'footer.php', 'header.php', and another tab that is partially visible. The main area contains PHP code. A tooltip is overlaid on the screen, pointing to the line 'echo '';'. The tooltip contains two entries: '<?> shorthand echo' with an arrow pointing to the opening tag '<?' and '<<< Heredoc' with an arrow pointing to the closing tag '<<<'. To the right of the tooltip is a large black circular button with a white play icon.
